

Hold on to Me

John Michael Montgomery

I want to wake up each morning
With you for the rest of my life
I want to feel your heart beating
And just get lost in your eyes
You can tell me your secrets
You can let me feel your pain
You can show me your weakness
And never be ashamed
Hold on to me when your world's turnin' cold
When it feels like your life's spinnin' out of control
You're hopin', prayin', tryin' so hard to believe
Hold on to me when there's no middle ground
And every emotion is comin' unwound
And you don't know if you can hold on to your dreams
Baby you can hold on to me
I want to lay down each evenin'
With you right here by my side
I want to get drunk on your laughter
And wipe all the tears when you cry
You can scare me with your darkness
You can blind me with your light
Throw your worries out the window baby
On your wildest night
Hold on to me when your world's turnin' cold
When it feels like your life's spinnin' out of control
You're hopin', prayin', tryin' so hard to believe
Hold on to me when there's no middle ground
And every emotion is comin' unwound
And you don't know if you can hold on to your dreams
Baby you can hold on to me
