

Long Time Coming

Cheap Trick

I'm in the need of something
And it sure feels good
Yeah, makes me feel better
Do I look like I should
Get me on a Tube bus
Or put me on a plane
Take me to the city
Before I go insane
I can feel I can take I can show ya
What you want, want you need, get to know ya
I don't care what they say all the time
I'm believing you're gonna feel fine It's been a long time coming (Long time coming)
It's been a long time coming round (Long time coming)
It's been a long time coming (Long time coming)
It's been a long time coming down, oh down (Long time coming)
Shake it, shake it, shake it
About to blow my mind
A real Porbandar
I'll leave my troubles behind
I can feel I can take I can show ya
What you want, want you need, get to know ya
I don't care what they say, I can tell all the time
I'm believing you're gonna feel fine It's been a long time coming (Long time coming)
It's been a long time coming down (Long time coming)
It's been a long time coming (Long time coming)
It's been a long time coming down (Long time coming) I can feel I can take I can show ya
What you want, want you need, get to know ya
I don't care what they tell all the time
Yeah believing you're gonna feel fine
Well, it's been a long time coming (Long time coming)
It's been a long time coming down (Long time coming)
It's been a long time coming (Long time coming)
It's been a long time coming down, yeah (Long time coming) A long time coming (Long time coming)
A long time coming down (Long time coming)
It's been a long time coming (Long time coming)
It's been a long time coming down (Long time coming)
