

# I Couldn't Keep from Crying

[Johnny Cash](#)

I saw you walking by his side  
Heard you whisper all those lies  
And I couldn't keep from crying You sang him love songs tenderly  
That should have been for you and me  
And I couldn't keep from crying I saw his eyes drinking your charms  
While he held you in his arms  
Him with all his wedding ways  
Rules your heart now in my place I stood and watched him steal a kiss  
From two lips I know I'll miss  
And I couldn't keep from crying I saw his eyes drinking your charms  
While he held you in his arms  
Him with all his wedding ways  
Rules your heart now in my place I stood and watched him steal a kiss  
From two lips I know I'll miss  
And I couldn't keep from crying
