Last Night

Eighteen Visions

I remember all the time you spent with me
It broke my heart to see you go
And I remember those times that you were there for me
And I remember the drive homeLast night, I forgot to tell you
Last night you had to die aloneI remember always looking up to you
But you were never looking down
And I remember that warm September afternoon
And I remember all the soundsLast night, I forgot to tell you
Last night you had to die alone
Last night, I forgot to tell you
Last night I didn't get to say goodbyeYou meant the world to me
And I know that we will be together
In the end forever, babyWell, I'm feeling so alone now
More than I've ever been
I just want to feel you in my arms againLast night, I forgot to tell you
Last night you had to die alone
Last night, I forgot to tell you
Last night I didn't get to say goodbye
