

Marry Me

CANA

Tell me when you see me
won't you say i'd die
in front of you
I know, I'll be there...If you say
my heart belong to yours
in more a million ways
If you say
I do, with all your heart
and sway my wayCome and see
the trophy in my heart is yours if
it sets your free
we can mke believe
stay with me
and say you'll spend the rest of your life...Next to mine
my heart belongs to yours
in more than a million ways
If you say
I do with all your heart
I'll sway your waystay
don't ever leave
don't go awayStay
my heart belongs to yours
in more than a million ways
if you say
I do with all your heart
I'll sway your way
I've come to stayStay
my heart belongs to yours
in more than a million ways
if you say
I do with all your heart
I'll sway your way
I've come to stayMarry me...
