

# Makin' Fun of Money (LP Version)

## D-A-D

Yeah, see the milk is in the fridge  
And it's turning into cheese  
If I'm so smart, how come I ain't rich?  
No one knows and no one sees  
My moral compass went out of course and I ran aground  
You better watch how you get  
But what the hell, what the heck?  
I mean, I wrote out the check  
It ain't the money you got  
No, it's the money you spend  
It ain't funny makin' fun of money  
See it's already a mess  
It ain't funny makin' fun of money  
The Visa's and Diner's and Master Express  
The cold hand of currency  
Grips my heart at night  
Right now it's raining unpaid bills  
From an unknown height  
Though the story ain't that funny  
There was once when I had money  
I act like I got it, pretend I know  
It's minus 500 double 000  
It ain't the money you got  
No, it's the money you spend  
It ain't funny makin' fun of money  
See it's already a mess  
It ain't funny makin' fun of money  
The Visa's and Diner's and Master Express  
Makin' fun of money  
It's the D.A.D. and the I.R.S.  
Yeah, I ain't got no hot water  
And the cold is running thin  
I keep conversations from a public phone  
In this place I call home, I'm livin' in  
Makin' fun of money, yeah, dollars and all  
Makin' fun of money, all rolled up in a ball  
Makin' fun of money and with a tremblin' hand  
Makin' fun of money, I'll pay what I can  
It ain't funny makin' fun of money  
No, it's already a mess  
It ain't funny makin' fun of money  
The Visa's and Diner's and Master Express  
It ain't funny makin' fun of money  
The D.A.D. and the I.R.S.  
It ain't funny makin' fun of money  
Yeah, it's already a mess  
It ain't funny makin' fun of money  
No and I know 'coz I tried it  
(It ain't funny makin' fun of money)  
It ain't funny, no  
(It ain't funny makin' fun of money)

Yeah, I'm way behind  
(It ain't funny makin' fun of money)  
It ain't funny makin' fun of money  
It ain't funny makin' fun of money
