

Fall Over Me

[Jon Bauer](#)

This is not the time
for me to try to hide
Lord, I need to see You I'm reaching out my hand
remind me where I stand
Lord I need Your touch to...Fall over me
I need Your grace to fall over me
Lord I'm on my knees
I need Your love to fall over me When I try to find
the reason and the rhyme
to all these questions Emptiness abounds
nothing has been found
That's when You start to...Fall over me
I need Your grace to
fall over me
Lord I'm on my knees
I need Your love to
Fall over me How quickly I forget I've fallen
but every time I fail that's when You
fall over me
fall over me
fall over me
I need Your grace to fall over me Lord I'm on my knees
I need Your love to fall over me
