

# Cold Sweat

## Warrant

I've got alligator shoes  
And I've beeb makin' news  
I've got plenty of women  
I've got plenty of booze  
(Give me a shot)

Walked into the spot light  
At the local bar and grill  
Find a down and dirty woman  
Well I'm gonna take my fill  
Look right into her bloodshot eyes and  
Scream my honey, I'm gonna make you mine

I paid the tab  
I called a cab  
Went back to my place  
Had a hell of a time

I get excited  
I feel loose  
I move to quick and I get  
Caught in your noose

(And I sweat)  
Every time that we touch  
(And I sweat)  
I get the chills up and down my spine  
(Cold sweat) You bet, You bet  
Its a midnight stage freight  
Ice cold sweat

Ooh we went home  
All alone  
Then we turned down the lights  
And unplugged the phone  
Well I'm a snake  
But I'm no liar  
Makin' love to me is like  
Pouring gasonline on a fire

I feel loose  
I move to quick and I get caught in your noose

(And I sweat)  
Every time that we touch  
(And I sweat)  
I get the chills up and down my spine  
(Cold sweat) You bet, You bet  
Its a midnight stage freight  
Ice cold sweat

All I want is a little action  
Ooh a little bit of satisfaction  
You beat me down  
Then kick me out  
So scream and shout  
And shout shout

Oh yeah  
Then I sweat  
Then I sweat  
Then I sweat  
Then I sweat  
Sweat, (Cold sweat)  
I get the feeling every time  
We fu fu fu fu fu  
You bet you bet

Ice Cold
