

Unlove You

[Sarah Hudson](#)

I felt in a perfect way
I never had a choice to make
Crest into your tidal wave
I didn't even stroke on Sail right through your atmosphere
Close my eyes and land it here
I didn't see the trouble
And I didn't care I can't unlove you
Can't do that
No matter how I tried
I'll never turn my back on someone who loves me too I can do almost anything I have to
But there's one thing I cannot change I almost kind of like the pain
I wear your tattoo like a stain
But it will take forever to fade away I can't unlove you
Can't do that
No matter how I tried
I'll never turn my back on someone who loves me too I can do almost anything I have to
But I can't unlove you
Oh no, why would I want to I can't unlove you
Can't do that
I'll never get through that
Why would I want to There's always time for other dreams
Why must we erase these things I can't unlove you
Can't do that
No matter how I tried
I'll never turn my back on someone who loves me too But I can't unlove you
Can't feel that
No matter how I tried
I won't turn my back on someone who loves me too I can do almost anything I have to
But I can't unlove you
