

First Time

Ronan Keating

Valentines, those butterflies
Gets me out best top inside
Got me feeling like a kid again
Oh, I even run and run, telling all my friends Now every day has a reason
Every night is the real thing, woah Girl, you make it feel like the first time
Like there's never been another
Girl, you make it real like the first time
Every time you lay down by my side
Ohh, it's the first time Every moment spent with you
Something different, always something new
I watch you sleeping, I hear you sigh
Oh, I even love the way you cry Now every kiss is a season
And every touch keeps me believing Oh, girl, you make it feel like the first time
Like there's never been another
Girl, you make it real like the first time
Every time you lay down by my side
Ohh, it's the first time
It's the last time You'll be alone, I'm there for you
I walk the circle, I see this through
I need you here to write this song
You made me feel like I belong
And every time you lay down by my side
It's the first time Mmm
Ohh, yeah, yeah
Ohh, yeah
Ohh, yeah Now every day has a reason
And every night is the real thing, ohh Girl, you make it feel like the first time
Like there's never been another
Girl, you make it real like the first time
Every time you lay down by my side
Ohh, it's the first time
It's the first time
