Close

Pete Yorn

Hey what's going on?
I could still be strong
For us tonight
I know it will get hard
But I won't run away
I'll figure it out
Just stay close
Wait for the sun
Learn to live this life, learn to get alongAll this innocence
That we've come to miss
Will make us stronger
I don't have the time to go back in time
I already lived it
Just stay close
Wait for the sun
Learn to live this life, learn to get along
Just stay close wait for the stars
Until they realign just like the first timeWith all we've come to know we work so hard for what?
I don't wanna miss itJust stay close
Wait for the sun
Learn to live this life
Learn to get along
Just stay close wait for the stars
Until they realign just like the first time
The first time ...
