Tomorrow

Gorky Park

Wake up in a cold sweat
Nithmares buzzing at my brain
No one beside me
Got to be a better way
Slip into the dark of night
Lokking for the mornong light
Walking down the cold streets
Bad wind whipping in my face
Deep down inside me
I hear voice call out my name
See the first hint of the light
Getting closer all the time
I feel it I feel it
Come to me tomorrow
Silent city morning
Flying to tomorrow
No more yesterday
I'm alive tomorrow
Silent city morning
I can see tomorrow
Burning in my eyes
Pull the callous off my heart
Rip the blinders off my mind
Swim to the surface
Leave it all leave it all behind
Step across the borderline
Light is flooding in my eyes
I see it I see it
I got no one to blame
A doctor can't relieve this pain
I gotta make my tracks
Without looking back
Let the nightmares Fade away
