Sex Dance

H-Town

yeah, thats the spot right, i kno you like that
ok your clothes all gone but your legs wide open
hope you like snakes swimming all in your ocean
like it on top say she diggin my motion
rubbin on the clic now she gusshin out lotionbeat the pussy up
then i beat the pussy down
now she makin sounds every time a nigga pounds
ima beast in the sheets
beast on the beats
hit me late night when u say you cant sleep
put her under hypnosis doses, doses
put it so deep you can feel it in your ulcer
throw u on the wall like a motha fuking poster
then i wear u out like some penny-ass lofers
banger, banger, five disk changer
dick so good turn your chick into a singer
suck it up great
please clean da plate
holdin on your waist catch it all in your face
