

# Glow

## Mister Monster

Your picture resides in a plastic page.  
Sincerity reflects off the cellophane.  
Burning embers that fill the ashtray, let me write away.  
Im ready to rest, I'm ready to die.  
God I Love your face. Love is blind, so feel the warm glow.  
You're so scared you'll get cut.  
Believe me kid, I know.  
One more smoke and then I've gotta run,  
and the longings just begun.  
With all the hearts that I've known,  
Can yours be the last one? I hope my eyes don't hurt too much when I look back.  
I know by morning time your pillow will be black.  
I hope that every night you'll bring me new light.  
I hope my trembling hands get held by yours, so tight.  
So baby just glow. I hope my eyes don't hurt too much when you look back.  
I know by morning time, your pillow will be black.  
I know that every night you'll bring me new light.  
And I hope you'll hold this broken heart,  
I'll be yours, I won't go, so baby let's glow.
