

# Send My Love To The Dancefloor, I'll See You In He

## Cobra Starship

Let it go  
There's no way you can save it now  
Get back, you know  
That this city is burning So the story goes  
It makes you wonder  
'Cause if we're trapped and we're never gonna find a way out  
Get out, we're gonna dance now Hey Mister DJ  
You gotta put a record on, yeah  
We're gonna bury this town tonight  
We're gonna dance all night Hey Mister DJ  
You gotta put a record on, yeah  
We're gonna dance tonight  
Dance tonight I let you go  
And I'm still waiting for you to find  
There's nothing more  
Than this time that is right now So the story goes  
It makes you wonder  
'Cause time is up and you're never gonna get another  
Chance now, you gotta dance now Hey Mister DJ  
You gotta put a record on, yeah  
We're gonna bury this town tonight  
We're gonna dance all night Hey Mister DJ  
You gotta put a record on, yeah  
We're gonna dance tonight  
Dance tonight Let it go, the game is done  
The camera's off, it can't be too hard  
Let it go, the game is done  
Camera's off, it can't be too hard  
To fake it now, gotta fake it now Let it go  
There's no way you can change me now  
Get back, you know  
I don't need you to save me So the story goes Hey Mister DJ  
You gotta put a record on, yeah  
We're gonna bury this town tonight  
We're gonna dance all night Hey Mister DJ  
You gotta put a record on, yeah  
We're gonna dance tonight  
Dance tonight
