Fool No. 1

Mark Erelli

(Mark Erelli)Whenever you call you can bet I'll always come
So honey you can just forget the other ones
Though you're cruel and unkind
I'm the very first in line
Darlin' I'll be your fool number oneYou leave me blue as soon as you have had your fun
And I can't stand the kind of man that I've become
I should be running for that door
But I keep coming back for more
Darlin' I'll be your fool number oneI don't know why I let you put me through this pain
I don't know why but I still do it just the same
