My Decision

Abdel Wright

Girls dem plenty and the whole of them look good
Trust me some no really act as they should
Bad principles from birth to childhood
Old dirty ways gone inna adulthoodAnytime you see a girl, you like investigate it
Hard core no want no girl who bend up and switch
Think me like fe call a girl skettel and bitch
Who no have nu pride they deserve itI do want a good girl, yes I do
Plan to search the whole world
I do prefer girls than pearls
Its my decisionI do want a good girl, yes I do
Plan to search the whole world
I do prefer girls than pearls
Its my decisionSome of them barefaced and want fe give you a jacket
Tell them say it definitely cant fit
Still insist, you ultimately park it
When she touch the turf, tell her exitMet few girls with a lot of bad habits
All have in common, search yu pockets
Wake up next morning cant find yu wallet
Few hours away shes on a taxiI do want a good girl, yes I do
Plan to search the whole world
I do prefer girls than pearls
Its my decisionI do want a good girl, yes I do
Plan to search the whole world
Me prefer girls than pearls
Its my decisionEvery man wants a good
Every man needs a good girlListen me yo I woulda walk a mile or two in my shoes just for you
Everything you do, so true, you're so smooth
You's a good girl, got me feeling like a lucky dude
Good girl [Incomprehensible]And I never said, never would I left you
I be searching the world so every[Incomprehensible]
That I love you my girl
Look inside my empty arms and realize this is where you belongI do want a good girl, yes I do
Plan to search the whole world
I do prefer girls than pearls
Its my decisionI do want a good girl, yes I do
Plan to search the whole world
Me prefer girls than pearls
Its my decisionI do want a good girl, yes I do
Plan to search the whole world

I do prefer girls than pearls
Its my decisionI do want a good girl, yes I do
Plan to search the whole world
Me prefer girls than pearls
Its my decision, yeah
