

# Don't Believe a Word

## Third Eye Blind

Cigarette fingers, ember stain  
Incriminating notes on a paper chain  
Did you ever get the feeling that you've been cheated?  
I wanna bust out, I've not been defeated They're all strong bones, they hold no water  
Got the whiplash smile, this gets harder  
Time has wound down and now we've been cached  
Because half measures are all half-assed How did we ever end up this way?  
And I don't know I'm in disarray  
Cultivating my ignorance  
Didn't we have some standards once? I hate you and your cowboy boots  
Though we wanted clever, we settled for stupid  
Do it always so indiscreet  
Like a bad boyfriend, he's a dirty little cheat It's a shallow, vicious state of mind  
Like an angry chump getting dumped online  
Give me back my photos, will you?  
You fucking whore, I'll kill you! (Don't believe it) Don't believe a word  
(Don't believe it) Just keep on breathing  
(Don't believe it) Cause pretty soon  
(Don't believe it) That good King George will wake up screaming Our soundtrack is a soulless thing  
Some dull ache replace the sting  
Rap stars brag about shooting each other?  
Whatever happened to "brother, brother"? We like thugs when they attack and  
We like crime when it's black on black and  
Isn't this you, cruel hearted fake?  
Isn't this more than you can take? (Don't believe it) Don't believe a word  
(Don't believe it) Just walk on by  
(Don't believe it) Cause this moment will pass  
(Don't believe it) And then we all, can all get high, yeah (Don't believe it) Don't believe it  
(Keep on breathing) Just keep on breathing  
(Don't believe it) Oh, pretty soon  
(Don't believe it) That good King George will wake up screaming Wake up screaming  
Haha  
Wake up screaming  
Ohhh Round up all the big lynch pins  
Hope we don't get fooled again  
All sensation makes no sense  
You got some insane confidence I can't find myself, I can't change the station  
In this corporate, sell-out, hillbilly nation  
Scandalize now with such ease

America give me back my keys  
Sand it blows, a soldier squeeze  
Trigger on fake enemies  
We're all abroad and all alone  
'Til you come home, bring 'em home  
(Don't believe it) Don't believe a word  
(Don't believe it) Just keep on breathing  
(Don't believe it) Cause pretty soon  
(Don't believe it) That good King George will wake up screaming  
(Don't believe it) Don't believe a word  
(Keep on breathing) Don't believe a word  
(Don't believe it) Don't believe a word  
(Don't believe it) Don't believe a word
