That familiar sound, explains what I'm feeling  
I'm both lost and found, never been there before  
A ritual disgrace, Marrakech adventure  
That familiar sound, explains what I'm feeling  
I'm both lost and found, never been there before  
That familiar sound, explains what I'm feeling  
I'm both lost and found, never been there before  
A ritual disgrace, Marrakech adventure  
A ritual disgrace, Marrakech adventure  
A ritual disgrace, Marrakech adventure  
Don't tell me how I've even came to get here  
Mysterious, everything I hold dear  
That familiar sound, explains what I'm feeling  
I'm both lost and found, never been there before  
A ritual disgrace, Marrakech adventure  
A ritual disgrace, Marrakech adventure  
A ritual disgrace, Marrakech adventure  
That familiar sound, explains what I'm feeling  
I'm both lost and found, never been there before  
Marrakech adventure
