Sky Signal

Audible

We will look for you
From down here
Up into the airwaves
Where you have goneA crowd of broken sons
And daughters
Listen to confessions
Of what you've doneA signal in the sky
Or something
To help explain the thing
That you've becomeWe will look for you
From down here
Up into the airwaves
Where you have goneWherever you belong
Wherever you belong
Wherever you belong
Wherever you belong
