

# Bring Back Your Love To Me

John Hiatt

Darling if you've been a hurting  
I don't care what it is  
I want to help for certain, but it takes more than a kiss  
All this love and affection  
I'm feeling for you now  
Send it back in my direction, girl  
I can show you how My love is coming on strong  
And you know, you've been gone away too long Bring back, bring back your lovin' to me  
Bring back, bring back your lovin' to me All that words that passed between us  
Spoken in haste  
Could have gone back and forth to Venus  
For all the time we waste  
Staying angry at each other  
Sometimes just for anger's sake  
I don't want no other lover  
I got too much here at stake Our love is worth fighting for  
And you know it, even as you close that door Every night I sit and watch for you, baby  
I pray to God you haven't found somebody else  
But I could never care, like I care for you  
When I hurt you girl, well I just can't stand myself They say pride will be our downfall  
Girl I've swallowed mine  
I'm begging you, baby, come back  
And I will tow the line  
To the top of the Eiffel Tower  
To the bottom of the sea  
If it means just one more hour  
Your love will shine on me Our love is worth fighting for  
And you know it, even as you close that door Bring back, bring back your lovin' to me  
Bright it right back here baby  
Bring back, bring back your lovin' to me  
I want you sweet lovin' right now
