Gradually

Rosie Thomas

Gradually I will get wiser
I will get stronger
I will be bolder
I will not settle
I will flirt back
I will stand up or
I will sit back

All this time you thought I was
Weak when I was just pretending
I was just pretending
All this time you made me believe that
I should be sorry
I should be sorry

Gradually
I will outrun you
I will outgrow you
I will ignore you
I will see clearer
I'll overcome you
I will acknowledge how far I have come

All this time you thought I was weak
When I was just pretending
I was just pretending
All this time you made me believe that
I should be sorry
You should be sorry for making me fall

Gradually
I will get older
I will get wiser
I will move slower
I will see clearer
I'll over come
I will acknowledge

How far I have come
All this time you thought I was weak

When I just pretending
I was just pretending
All this time you made me believe that
I should be sorry
You should be sorry for making me fall
