Testosterone

Joe Vitale

I'm a man I'm real proud of my manhood
I like to smoke ten thousand cigarillos
Eight ball I could climb any mountain
I never cry I only bowl when I'm losingAnd I've never been wrong
Never been wrong, never been wrong
And I'm looking so good
Looking so good, looking so goodGot a big gold gun
Got a big gold gun
Got a big gold bullet
And I guess you could say
And I guess you could say
I'm real full of it, I'm real full of it
I'm real full of it, real full of it
Full of it, full of itI'm real straight you wanna see my peccadilloes
Hot dog seven thirty every morning
And I'm big into war, big into war, big into war
I am a whore, I am a whore, I am a whoreGot a big gold gun
Got a big gold gun
Got a big gold bullet
And I guess you could say
And I guess you could say
I'm real full of it, I'm real full of it
Your real full of it, we're real full of it
YeahI shave with Gillette, shave with Gillette
Shave with Gillette
And I'm patting my back, patting my back
Patting my backGot a big gold gun, got a big gold
Got a big gold gun, got a big gold gun
Got a big gold bullet
And I guess you could say
And I guess you could say
I'm real full of it, I'm real full of it
I'm real full of it, I'm real full of it
I'm real full of it, I'm real full of it
