

# Haunted

**Rickie Lee Jones**

When love comes along  
It seems like  
He was always by your side  
Makes you feel like  
You've never been alone, never been alone  
Never never been lied to  
Always felt this way You're happy  
You're so happy  
You can forget you ever cried  
But you better hold on  
To your tears  
'Cause they hold you down  
Sometimes  
Dodo dodo, lalalalala  
Dodo dodo, lalalalala  
Yeah You better be careful  
Or all the bluebirds will stop flying  
You better be careful  
Or all the stars will stop flying  
You better be careful  
Or all your dreams just stop dying  
You better be careful  
Or all your heart will stop stinging You better be careful  
Hold on to something  
Hold on to your heartache  
Yeah, yeah  
Oh oh oh oh oh oh
