Move

Auburn

Ran into a chick, found out I had to break her
Mad 'cause I was with a guy that didn't want to date her
Then she had the nerve to call me Teyanna Taylor
If I was that girl, chances are I would have shanked her
You out of my element, girl, you are a faker
Talking is irrelevant; serious, I don't take her
Listen to my words, I'm a qualified educator
Me plus you equals minus one hater
Walk in to the function 'round ten, maybe later
Saw the same chick, shoes looking like a skaters
She stayed over there so she was a lot safer
But then she called me out, word of mouth like I was a chaser
Girl, you getting personal, I am just a caker
Homegirl in my ear talking "Gabby, you can take her"
Teeth was crooked, figured I'd make 'em a little straighter
If she step to me I'ma need me a litigator, I'm tellin' you
Move if you wanna, if you wanna, if you wanna
Move, move if you wanna, if you wanna, if you wanna
Move, move if you wanna, if you wanna, if you wanna
Move, move if you wanna
Move, move if you wanna move
Move if you wanna, if you wanna, if you wanna
Move, move if you wanna, if you wanna, if you wanna
Move, move if you wanna, if you wanna, if you wanna
Move, move if you wanna, if you wanna, if you wanna
Move

She tryna play it cool, I'm tellin' her make a move if you wanna chick
Do whatever you're gonna do, if you wanna
But choose if you wanna win, lose girl, you're gonna, no clue what you thinking
But you better be a runner, I ain't gonna run
'Cause you talk real slick
You could ask anyone, girl, my hands they quick
No, violence ain't the answer but it sure makes sense
If you messin' with a bomb, you gon' hear that tick
You could call me what you want, I don't move 'til you touchin'
So I waited for a minute, but my friends, they rushin'
We out by the door, steppin' out of the function
Girl ruined my night, now I'm feelin' like cussin'

Man, that's why I hate girls and I can't stand drama
If you listenin' to this song, please don't tell my mama
I just made it for a mix, yo, this ain't really happen
If my mama hear this song guarantee she gon' slap me like
Move if you wanna, if you wanna, if you wanna
Move, move if you wanna, if you wanna, if you wanna
Move, move if you wanna, if you wanna, if you wanna
Move, move if you wanna
Move, move if you wanna move
Move if you wanna, if you wanna, if you wanna
Move, move if you wanna, if you wanna, if you wanna
Move, move if you wanna, if you wanna, if you wanna
Move, move if you wanna, if you wanna, if you wanna
Move
