Weeping Sun

Pyogenesis

(music: Tim Eiermann / Flo Schwarz lyrics: Tim Eiermann)
one with the stars
a planet's sweetest perfection
infernal heat I bear
free like the wind, just one direction
godless inferno, forbidden birth
weep like the sun
straight from the soul
strange like a useless creation
drink this blood which I spill
come down with me use this latest attraction
bodies burning, set them free
weep like the sun
earth is turning, rest in peace
weep like the sun
