

Some Bridges Just Won't Burn

J. K. Coltrain

Some Bridges Just Won't Burn

After her I thought it would be easy
I'd move on another lesson learned
I'd burn my bridges and I'd start all over
But some bridges just won't burn

Chorus

I'd tried to go to where memories wouldn't find me
But all roads led right back to yesterday at every turn
I could be in love again tomorrow, but some bridges just won't burn

What chance is there of finding anybody
It's just no good as far as I'm concerned
My big mistake was thinkin I could leave her
Cause some bridges just won't burn

Chorus

I'd tried to go to where memories wouldn't find me
But all roads led right back to yesterday at every turn
I could be in love again tomorrow, but some bridges just won't burn
No some bridges just won't burn
