

What's Wrong

Dennis Wilson

Love the way you move me
Love the way you groove me
I believe in rock and roll You're standin' in the door, girl
Holdin' down the floor, girl
Come on and rock and roll So what's wrong with you, girl?
What's wrong with being crazy? Can't live with you so
I think I'll live without you
Play my rock and roll Your words drip with honey
While you spend my money
It's funny to watch you, girl So what's wrong with you, girl?
Gone, gone, I'm gone
Gone, I'm gone It ain't very funny
How you spend all my money
Gone, I'm gone Do what you want to
But baby, don't you do it on me Your mama thinks I'm crazy
Your papa says I'm lazy
'Cause I play my rock and roll My head's gettin' hazy
My knees are gettin' shaky
From playin' my rock and roll Gone, I'm gone
Saved by rock and roll
Gone, I'm gone, gone, I'm gone It ain't very funny
How you spend all my money
I'm gone, I'm gone Do what you want to
But baby, don't you do it on me
Gone, I'm gone, gone
