

# If We Want To

## Big D And The Kids Table

I could not ever see myself packing up and taking off just to fall asleep and work again  
I will not count my sleep hours Let 'em all just have me all groggy and incoherent I just met a crazy girl who's  
sane so i'm not about to leave just yet  
Only an idiot would say "right on i'll see ya" Just to go home and think what coulda been.  
We've both finished ripping off all the labels on the pantry cans  
We've all succeeded hurling the tv still plugged in down the front stairs.  
So Why notChorus:  
'cause we can stay if we want toShe could not ever think of leaving everyone she knows is never all in the same  
place  
the 8 hours she spends hardly working with this she would gladly replace  
All she wants is what we want free time laughing with no designated end  
she told me "i will not be a slave to time, time must learn to roll with me" So why notChorus  
'cause we don't care like they doIt cannot stop too many of us laughing each other on we cannot stop we need  
more trouble before the night is gone  
So why notChorusSo why not  
Chorus:  
'cause we don't care like they do 'cause I'm not gonna stay as long as you do.
