

Summer Alive

The Wanted

I might have drunk too much
Electric eyes, I feel the rush
You're my drug, can't get enough
(oh oh oh oh)

I want to dance until it feels like time is standing still
Forget the world
Just let me in
I feel so

(oh oh oh oh) Having the time of my life
With you keeping the summer alive
Want to give you forever tonight

Always keeping the summer alive Bang on the drum, under the sun
All night long, under the moonlight
Bang on the drum, under the sun
All night long, under the moonlight
Bang on the drum, under the sun
All night long, under the moonlight
Bang on the drum, under the sun
All night long, all night long You take me off the sand
And fly me where I want to land
It's like this beat will never end

I feel so
(oh oh oh oh) Having the time of my life
With you keeping the summer alive
Want to give you forever tonight

Always keeping the summer alive Having the time of my life
With you keeping the summer alive
Want to give you forever tonight

Always keeping the summer alive (All night long, under the moonlight) Bang on the drum, under the sun
All night long, under the moonlight
Bang on the drum, under the sun
All night long, under the moonlight
Bang on the drum, under the sun
All night long, all night long Bang on the drum, under the sun
All night long, under the moonlight
Bang on the drum, under the sun
All night long, under the moonlight
Bang on the drum, under the sun
All night long, under the moonlight

Bang on the drum, under the sun
All night long, all night long
