They Like Me

Shop Boyz

David Banner
Yeah, shawty
It's your boy, David Banner
New Shop Boyz, let's go
They lookin' at my jewels and they see a player icy
They kick it like they cool but I can tell they wanna fight me
I keep them girls choosin', turn 'em out and have 'em dykin'
They neva tell me naw, why? 'Cause they like me
They lookin' at my jewels and they see a player icy
They kick it like they cool but I can tell they wanna fight me
I keep them girls choosin', turn 'em out and have 'em dykin'
They neva tell me naw, why? 'Cause they like me
Aye man, hold up please, girl, you see this bling
Don't you see these diamonds? What that is? Them shinin' things
Look at all my rings compliment my bracelet
I think my chain stank 'cause people makin' ugly faces
I had two girls at the same time and I had 'em dykin'
Knowin' damn well if I ain't rap, they probably wouldn't even like me
But fuck it, I stay icy, ask about me in Atlanta
I'm a Shop Boy, flexin' on the track with Mr. Banner
They lookin' at my jewels and they see a player icy
They kick it like they cool but I can tell they wanna fight me
I keep them girls choosin', turn 'em out and have 'em dykin'
They neva tell me naw, why? 'Cause they like me
They lookin' at my jewels and they see a player icy
They kick it like they cool but I can tell they wanna fight me
I keep them girls choosin', turn 'em out and have 'em dykin'
They neva tell me naw, why? 'Cause they like me
She said you let me touch your chain, I'll let you poke it
This shit ain't hard to notice
Grab a knot and let her throw it, just to show her how I blow it
I'm a playa and she know it and I ain't scared to show it
I take her to my patnas, let 'em bust and leave her heart broken
Them bustas kick it like they cool but they hate us to they heart
Yeah, they talk behind my back 'cause they been haters from the start
I send them haters to the stars, then kick it with they wifey
And they neva tell me naw, why? 'Cause she like me
They lookin' at my jewels and they see a player icy
They kick it like they cool but I can tell they wanna fight me

I keep them girls choosin', turn 'em out and have 'em dykin'
They neva tell me naw, why? 'Cause they like me
They lookin' at my jewels and they see a player icy
They kick it like they cool but I can tell they wanna fight me
I keep them girls choosin', turn 'em out and have 'em dykin'
They neva tell me naw, why? 'Cause they like me
I can tell they envy me 'cause they see a playa fly
My earrings bling a ling, chain look like tie-dye
See we got different color girls but they always stick together
When I say move, they move, boy, they ready for whatever
I can see it in your eye, boy, don't make no false move
I know that you don't like me but you betta keep it cool
Don't mean no disrespect, I ain't tryna be rude
But look, you gotta know that I always keep a tool, yes sir
They lookin' at my jewels and they see a player icy
They kick it like they cool but I can tell they wanna fight me
I keep them girls choosin', turn 'em out and have 'em dykin'
They neva tell me naw, why? 'Cause they like me
They lookin' at my jewels and they see a player icy
They kick it like they cool but I can tell they wanna fight me
I keep them girls choosin', turn 'em out and have 'em dykin'
They neva tell me naw, why? 'Cause they like me
Yeah, yeah, yeah, David Banner
