Black Nights

Koko Taylor

(Original in G)

It used to be I could call you my own
Now I see you want to be left on your own
You must have someone new to make me go through black nights

Oh, it used to be we could have so much fun
Just you and me, when our workinâ€™ days were done
Now when I come home youâ€™re tired or youâ€™re gone â€“ black nights

Oh, it used to be when youâ€™d see my face youâ€™d smile
And happily, youâ€™d run to me like a child
Now youâ€™re in some kind of daze,
And man, youâ€™ve changed your ways â€“ black nights

Instrumental Solo (12 bars)

Oh, it used to be when youâ€™d see my face youâ€™d smile
And happily, youâ€™d run to me like a child
Now when I come home youâ€™re tired or youâ€™re gone â€“ black nights

Whoah, It used to be I said black nights Iâ€™ve never known
Now itâ€™s plain to see Iâ€™ll have these blues from now on
Cause your love for me has left,
And youâ€™ll soon be gone yourself - black nights
