

Sorry

Nizlopi

Sometimes when you leave someone, seems like your leaving everyone
Coz everyone seems further away when you leave her
You feel like youre on nicorette smoking 20 beautiful cigarettes a day
Apologizing to your mum and for not letting you be the one
Apologizing to your mum too
Apologizing to your sister and for not saying I would miss ya
To the hand hold and goodbye kisses too ?
Sorry I just dropped your heart
Sorry now, to pull two good people apart
Sorry I, I just dropped your heart
Now two good people will part, two good people will part
Youll say Ill forgive you, Ill forgive you
But I didnt know you had it in you from the start
Now two good people will part
Sorry I just dropped your heart
Sorry now, to pull two good people apart
Sorry I just dropped your heart
Now two good people will part.
Thats a lesson
Really bites you, you know
Loves a mad Alsatian
Love really gets you by the balls
Sorry I just dropped your heart
Sorry now to pull two good people apart
Sorry I just dropped your heart
And now two good people will part! Two good
Suffering suffering suffering
And all of our troubling troubling yeah
Woah
Its the ground that will be replanted on x 10
