## Sorry

## **Nizlopi**

Sometimes when you leave someone, seems like your leaving everyone

Coz everyone seems further away when you leave her

You feel like youre on nicorette smoking 20 beautiful cigarettes a dayApologizing to your mum and for not letting you be the one

Apologizing to your mum too

Apologizing to your sister and for not saying I would miss yaTo the hand hold and goodbye kisses too ?Sorry I just dropped your heart

Sorry now, to pull two good people apart

Sorry I, I just dropped your heart

Now two good people will part, two good people will partYoull say Ill forgive you, Ill forgive you

But I didnt know you had it in you from the start

Now two good people will partSorry I just dropped your heart

Sorry now, to pull two good people apart

Sorry I just dropped your heart

Now two good people will part. Thats a lesson

Really bites you, you knowww

Loves a mad AlsatianLove really gets you by the ballsSorry I just dropped your heart

Sorry now to pull two good people apart

Sorry I just dropped your heart

And now two good people will part! Two goodSuffering suffering suffering

And all of our troubling troubling yeah

WoahIts the ground that will be replanted on x 10
