

The Things That U Do

DJ Jazzy Jeff & The Fresh Prince

It's just the things that you do
It's just the things that you do
It's just the things that you do
It's just the things that you do
(The way you do the things you do) Ain't yo' fault the alarm clock sound
I grab my shoe and turn the damn thing down
But now it's 9 o'clock and I still ain't up up yet
Work on time, yeah I admire the concept
You got me journin' and I mean anticipating
Seeing you I can't wait and so not concentrate
My mind is blind of all the times thinking of you
And the way you do things you do It's just the things that you do
It's just the things that you do
It's just the things that you do
It's just the things that you do
(The way you do the things you do) I walk in the park for a midnight rynec
For a slow dance, romance, my motive is see through
I wanna be with you but I ain't hiding
A wave of love and I'm gliding and ridening
Things like that when you hear me
Sayin' sort of sounds like that same old cliché
Climbing the highest mountain and swimming the deepest sea
But I can't front, I want you to be want me 'Cause baby when you grab me tightly
You send chills and tend to insight me
When you caress and fumble me lightly
Oh girl watch up 'cause she might be
Settin' yourself up the way that you tease me
Sooner or later you gonna have to please me
It's just something about you
The way you do things you do It's just the things that you do
It's just the things that you do
It's just the things that you do
It's just the things that you do
(The way you do the things you do) Now why oh why would an incredibly fly guy like me
Be chasing one lady
It's just something about you
The way you carry yourself when you're out to
Seein' how I sort of captifying style, I've parked the feelin'
But your whippers are peeling

Since this is a subject that I brought up
 I just mind as well admit that I'm caught up It ain't the clothes that you're wearin'
 Your perfume or the sytle that that your hair's in
 It ain't your body, how slim your waist is
 Your new jeans and how pretty your face is
 But I feel funny when it close pack sillity
 Making me wonder what's gettin' in to me
 It's just something about you
 The way you do the things you do It's just the things that you do
 It's just the things that you do
 (The way you do the things you do)
 It's just the things that you do
 It's just the things that you do
 (The way you do the things you do) It's nothing that you do
 It's nothing that you do
 (The way you do the things you do) The mystery is some this world panda
 Just sittin' back let my mind wonda
 Whatta, whadda, whodda, whada Hell is this young lady
 Drivin' so crazy, reply in thought pose like the thinker
 I play you with kiss or a winka
 Or a smile just to show you
 It's something about you
 The way you do the things you do Come here, come here
 Come on out, don't worry
 You want me to chase, you, don't you?
 Just come here, I've got you now The way you do the things you do It's just the things that you do
 (The way you do the things you do)
 It's just the things that you do
 (The way you do the things you do)
 It's just the things that you do
 (The way you do the things you do)
 It's just the things that you do
 (The way you do the things you do) It's just the things that you do
 (The way you do the things you do)
 It's just the things that you do
 (The way you do the things you do)
 It's just the things that you do
 (The way you do the things you do)
 It's just the things that you do
 (The way you do the things you do)
 It's just the things that you do
 (The way you do the things you do) It's nothing that you do
 (The way you do the things you do)
 It's nothing that you do
 (The way you do the things you do) The way
 The way
 The way

The way you do the things you do
