

I Love the USA

Weezer

Ain't that bad a place
I was born that way
I bite my fingernails
Still got bills to pay
You sure know what to say
I'll put you in your place
Land of the free, I'm on my way I love the USA
I love the USA
Fuck yeah, this place is great
I love the USA Stop at coffee bean
This is like a dream
Let's run across the beach
Mama, what's the deal?
Nothin's wrong with me
Still waters running deep
Home of the brave, dog on a leash I love the USA
I love the USA
Fuck yeah, this place is great
I love the USA And God save the king
God save the king
God save the king
Won't feel a thing
God save the king
God save the king
God save the king I love the USA
I love the USA
Fuck yeah, this place is great
I love the USA Fuck yeah, this place is great
I love the USA Planes up in the sky
There's a missing man
A boy who didn't make it
