Party Music

Melissa Manchester

When you have a party
You just want to talk
It puts me on a bummer
Makes me want to walk until the smoke gets going
And energy is flowing
Then I'm into knowing I just want to dance
I want to dance with youRub against my shoulder, baby
All night through
I got the beat inside me
May be
Party music makes me burn up the night with motionMoving with the masters
Motown to Ravel
When I'm feeling low-down
Music makes me well
But when I'm feeling hearty
Given half a chance
Take me to a party, 'cause I just want to dance
I want to dance with youRub against my shoulder, baby
All night through
I got the beat inside me
May be
Party music makes me burn up the night with motionAt the height of it with words unspoken
In the light of it, a love unbroken
Elevation to an inner space
Transportation to my loving placeDance with meRub against my shoulder, baby
All night through
I got the beat inside me
May be
Party music makes me burn up the night with motion
