

I Dismember Mama

The Frankenstein Drag Queens from Planet 13

Advisory - the following lyrics contain explicit language:

Mama said, please, as she fell to her knees
Saying that she always loved me
Got to get notes, anything to a whore
I gave her what they gave to me And now you can't change what's done and done
I never knew killing mama was a so much fun Yeah, I said, I dismember mama
Yeah well, now she didn't even make a sound
I dismember mama
Yeah well, now shes lying all around the ground The devil told me what to do and I did
I cut her from ear to ear
But she didn't get nothing
That she didn't get, it's you or it is them And now you can't change what's a done and done
I never knew killing mama was a so much fun
Yeah, yeah, yeah, yeah, yeah I dismember mama
Yeah well, now she didn't even make a sound
I dismember mama
Yeah well, now shes lying all around the ground
