

A Date With Jerry

Wanda Jackson

I've got a date with jerry
and wouldn't they die if they knew
i know where from nothing
and Jerry's the key of the school
everyone's excited
about the prom tonight
and when i wasn't invited
i cried but that's all right
i've got a date with Jerry
no matter how crazy it seems
and i'll be there with Jerry
tonight at the prom in my dreams
i'll be at the prom in my dreams
