

Wake Up, Sinners

The Dirt Daubers

Well as I was going down the road Wake up sinners
Double wagon and a heavy load Wake up sinners
Well I cracked my whip and the leader sprung Wake up sinners
Rear horse broke the wagon turn

Wake up sinners you better keep moving on
Well wake up sinners you better keep moving on
Wake up sinners you better keep moving on
And prepare for that great day to come

Yes as I was going down the road Wake up sinners
Double wagon and a heavy load Wake up sinners
Well I cracked my whip and the leader sprung Wake up sinners
Rear horse broke the wagon turn

Wake up sinners you better keep moving on
Well wake up sinners you better keep moving on
Wake up sinners you better keep moving on
And prepare for that great day to come
Yes and prepare for that great day to come
