Of you for you  
Got me telling my mama

And my friends all about you  
In my daydreams are you

(You, you)  
As I'm sweaty with, came right on time  
(You, you)

Girl, every word in this song's

Girl, every word in this song's  
Gonna be about you  
You don't stress me at times you test me  
(You)  
But I pass for  
(You)  
So I promise I'm not leaving  
Only a fool would leave or try to deceive  
I give me word to I would die for  
(You)  
Girl, I live for said I breathe for  
(You, you)  
I adore, no one but  
(You, you)  
Came right on time  
(You)  
Girl, every word in this song's  
Gonna be about you  
Girl, every word in this song's  
Gonna be about you  
Girl, every word in this song's
