# Ooh Love

## Blaze Foley

Hello, are you thinking about me?
Thinking about you
How long do you dream about me?
Dreaming about you when you sleep
If all you see is a lost inside of me
When my hair brushes my shoulders
When I cry, be that tissue
Ooh love
I feel it now more than ever
I feel so good underneath
Ooh love, love
No stay, seeing it all through
Needed to be you
Stay here, being so lonely
Falling if only
When my hair brushed my shoulder
When I cry, be that tissue
Ooh love
I feel it now more than ever
I feel so good underneath
Ooh love, love
Ooh, my weight keeps lifting
The ground beneath me shook
And I am wishing you to me
Come on baby, let me see you
When my hair brushed my shoulder
When I cry be that tissue
Ooh love
I feel it now more than ever
I feel so good underneath
Ooh love, love, love, love, love
