

Tear Me Apart

[Meytal](#)

Straight out of Texas down around San Antone
Straight out of heaven sweeter than you've ever known.

Don't let me hear that sweet kid's name

Get your hands on me

I'll drive you insane.

So

tear me apart if you wanna win my heart.

Well I've been seen in the back of a limousine

I may not own it but it's bigger than you've ever seen

She'll ride around and think she's a star

If you please she's a tease you won't get far.

So

tear me apart if you wanna win my heart

Tear me apart if you ever wanna win my heart.

I'll make your legs start shakin' everytime you hear my name

There'll be no heartbreackin' and you know you never be the same

Don't talk to me about the Louisiana Sue

'Cause she can't do the things that I can do

So

tear me apart if you wanna win my heart

Tear ma apart if you ever wanna win my heart.

I'm gonna say goodbye to the lights of San Antone

I'm he'ading Hollywood high and there I'm gonna make my home.

Now I don't give a damn what they think they've seen

'Cause they ain't seen nothing like the Texas Queen.

So

tear me apart if you wanna win my heart

Tear me apart if you wanna win my heart

Tear me apart if you wanna win my heart

Tear me apart if you wanna win my heart

Tear me apart if you wanna win my heart.
