

Hard Not To Love You

Jake Owen

I've always been the kind of man to jump the gun, and cut and run
Stayin' one step ahead of that ol' ball and chain
Settlin' down never crossed my mind, it was easier to leave the knot untied
It looks like a lot of things have changed
You're makin' it hard not to love you, makin' it tough on a man like me
Who's always found a way to get around this kind of thing
'Cause when you put your lovin' on me, I can't help feelin' like I do
Girl, you're makin' it hard not to love you
This mornin' when you kissed my cheek, I was sufferin' from lack of sleep
'Cause we stayed up makin' love half the night
Well, I must have got my second wind 'cause just like that it was on again
Nothing's ever been easier for me in all my life
Girl, you're makin' it hard not to love you, makin' it tough on a man like me
Who's always found a way to get around this kind of thing
'Cause when you put your lovin' on me, I can't help feelin' like I do
Girl, you're makin' it hard not to love you
And baby when you put your lovin' on me, I can't help feelin' like I do
Girl, you're makin' it hard not to love you
Baby, you're makin' it hard not to love you
Hard not to love you
Yeah, you're makin' it hard
