

ALL NIGHT (HAPPY ACCIDENTS REMIX)

Icona Pop

We always dreamed about this better life, this better life
We always thought we'd come in all along, yeah all along
We got the kiss, and walked through paradise, yeah paradise
Now let's go walking hand in hand Come on baby we can hit the lights

Make the rooms go right

We can smash the floor, make the pop go raw
With a love this deep, we don't need no sleep
And it feels like we could do this all night

We could do this all night

Yeah everything is alright We got the kiss, and walked through paradise, yeah paradise
It feels like, we could do this all night (We could do this all night) Oh when the men under the summer skies, the
summer skies

The seasons changed, our house will stay the same, yeah stay the same

We got that burning feeling, start a fire, start a fire

Giving a shout, let's make it hot Come on baby we can hit the lights

Make the rooms go right

We can smash the floor, make the pop go raw
With a love this deep, we don't need no sleep
And it feels like we could do this all night

We could do this all night

Yeah everything is alright We got the kiss, and walked through paradise, yeah paradise
It feels like, we could do this all night Feels like, we could do this all night All night, all night, all night, all
night Come on baby we can hit the lights

Make the rooms go right

We can smash the floor, make the pop go raw
With a love this deep, we don't need no sleep
And it feels like, we could do this all night

We could do this all night

We could do this all night

Yeah everything is alright We got the kiss, and walked through paradise, yeah paradise
It feels like, we could do this all night
