## Nazareth

Knock knock knockin'  
Oh I really wanna get in  
Knock knock knockin'  
Oh I really wanna get in But it's a secret thing...  
Speakeasy Sun is going down  
Walk around the town  
My buddy said he heard of this place... When nobody's around you can hear the sound  
Man I wish that I was a face... Knock knock knockin'  
Oh I really wanna get in And it's so frustrating to hear the party rockin'  
When you're not there  
Pocket full of money  
Got myself a honey  
And I really wanna go for a drink Knock knock knockin'  
Oh I really wanna get in But it's a secret thing... Speakeasy  
Speakeasy Inside, everything's alright  
Groove into the zone like you're Al Capone  
Bootlegger, never had it better  
Prohibition made them Kings  
They got everything Knock knock knockin'  
Oh I really wanna get in And it's so frustrating to hear the party rockin'  
When you're not there  
Pocket full of money  
Got myself a honey  
And I really wanna go for a drink  
Knock knock knockin'  
Oh I really wanna get in But it's a secret thing... Speakeasy  
Speakeasy
