

# One Hundred Times

## The Crispies

[Verse 1]

Burn my thoughts  
Everytime there's smoke  
Inside my eyes  
She said one hundred times  
Ah, Ah

Turn my neck  
'cause I wanna live  
Inside our lies  
She said one hundred times

She said one hundred times  
She said one hundred times  
She said one hundred times  
She said one hundred times

[PreChorus]

[Chorus]

We are stoned and still trashed, crash and burn  
So high for life  
She said now  
Yeah, she said one hundred times

[Verse 2]

Burn my thoughts  
Everytime you leave  
It fills my eyes, up  
One hundred times  
Ah, Ah

She said

Turn my neck  
'cause I wanna live  
Inside our lies  
She said one hundred times

She said one hundred times

[PreChorus]

[Chorus]

We are stoned and still trashed, crash and burn

So high for life

She said now

Yeah, she said one hundred times

Yeah, she said one hundred times

Yeah, she said one hundred times

Yeah, she said one hundred times

Yeah, she said one hundred times

[Bridge]

She said now

She said

She said now

She said

She said now

She said now

She said now

She said, ah

[Chorus]

We are stoned and still trashed, crash and burn

So high for life

She said now

Yeah, she said one hundred times

Yeah, she said one hundred times

Yeah, she said one hundred times

Yeah, she said one hundred times

Yeah, she said

Oh
