Never Fall In Love Again

Colby O'donis

We've been together for a while now
Through the stormy weather and the let downs
But I know in my heart it was love right from the start
This can change for the better
I'll give it time, I'll wait forever
They say that its nothing, on the phone like its nothing?
I'm scared I'll never fall in love again
They say that I'm crazy, for keeping my baby
I'm scared I'll never fall in love again..oohhhh(3x)
When I see you cry, it breaks my heart
im a sucka for love, all our break ups, to make ups
but we kiss and love each other all day
but today ain't the same, like it used to be
for you and me.

They say that its nothing, on the phone like its nothing?
I'm scared I'll never fall in love again
They say that I'm crazy, for keeping my baby
I'm scared I'll never fall in love again (3x)
Tell me why we put ourselves in this punishment
All we really need to do is get along
Not to be selfish I, will learn to fly, for me
If you feel me say, oh yeahh (4x)
They say that its nothing, on the phone like its nothing?
I'm scared I'll never fall in love again
They say that I'm crazy, for keeping my baby
I'm scared i'll never fall in love again (3x)
