

Charleston Butterfly (feat. Gabriella Hänninen)

Parov Stelar

As I killed the caterpillar
Fell into a curious thriller
Could not become a butterfly...As I killed the caterpillar
I started to end my life
Fell into a curious thriller
Could not become a butterflyTo choose you now into my life
Wanna be your butterfly
Smile, smile, smile at me
hold me tight and I feel free
Smile, smile, smile at me
hold me tight and I feel freeTo choose you now into my life
Wanna be your butterflySmile at me
and I feel free
to choose you now into my life
wanna be your butterfly
Smile at me
and I feel free
to choose you now into my life
wanna be your butterfly
