

The Bushmaster (vocals: David Yow)

Pigface

When I roam I come
Ugly hole
The pigface, pigface, pigface,
No bones about'er
I am the bushmaster I go where I go (ugly hole!)
And leave when I leave
Oh I come,
Ugly hole
The big bushmaster I go where I go
And leave when I leave
The big bushmaster I go where I go
And leave when I leave [ugly hole]
Big ugly woman, pigface, and upright walkin'
Smell like [Repeat: x3]
Big master above my head [no bones about'er]
A big master and she came in
A big ugly woman and she came in [a big pigface]
A big pigface Soon optic feet they come and blow
Soon optic feet they come and blow
They can't overcome
They can't overcome (oh, ugly hole)
Ugly hole
No bones about'er, no bones about'er, no bones about'er, no bones about'er
The big bushmaster I go where I go
And leave when I leave
Ugly woman
Upright walkin'
Smell like book-burnin'
